**Dauntsey's School recently created athletics' track**  
**planning application 18/11759/VAR**

The Parish Council wishes to bring to your attention Dauntsey's School current planning application which is seeking **retrospective permission** to install a red-coloured synthetic athletics track, with white fencing, which has recently been built by the school on the west playing fields known as the Mercers Field. The school already has permission for a grass track on this site.

The key material planning consideration, in the application, is the **impact on landscape character and visual amenity** of the proposal for the red - coloured track and white fencing

A number of concerns have been raised with West Lavington Parish Council, in particular the visual impact of this new facility on the views across the landscape of the Vale of Pewsey, notably from Strawberry Hill and the ridgeway above Market Lavington.

If you have a view on this matter, and wish to comment, you can do so via the Wiltshire Planning Website **before 8<sup>th</sup> March 2019** (a direct link can be found on the West Lavington Parish Website at [www.westlavington.org.uk](http://www.westlavington.org.uk)), or alternatively please let the Parish Council have your views, either in person or via the Clerk, at the next West Lavington Parish Council meeting at 7pm on Thursday 7<sup>th</sup> March in The Giles Room of the Village Hall.
